

The only obstacle was time my daughter

didn't want to wear a conventional brace for

several years so we opted for unman aligner

and it only took 10 weeks from start to

finish far perfectly straight teeth,

and his staff are very friendly

professional and always trustworthy we got

very good value for money, I would recommend

life style dental to anyone, friends and family

from start to finish it has been a great

experience for my 15 yr old daughter who was

cheating the whole process, thank you so much

J Barnes

Thank you so much for everything
